Dear friend,

Our President has directed me to convey his happiness on the fact that the United Democratic Electricity Employees Front led by the Kerala Electricity Employees Confederation (INTUC) has secured 25% votes in the referendum conducted at the Kerala State Electricity Board Ltd. on 20<sup>th</sup> October, 2015 and became a recognized Union, first time in the history of Kerala. The tireless efforts of our leaders and workers have at last brought laurels. This is certainly a commendable achievement.

I am also happy to note that you have submitted all the documents in the Office of the Central Labour Commissioner required in connection with the Trade Union verification.

Thanking you,

Yours faithfully,

  
( P.J. RAJU )  
Secretary
